Playing for a Cure!

The Trimble County High School gymnasium was a sea of pink Friday as the Lady Raiders hosted North Oldham in the "Play for a Cure" game. One dollar of every paid admission was donated to the Trimble County Relay for Life/American Cancer Society. Pink "Play for a Cure" t-shirts were available for purchase and were abundant in the bleachers. This year's event was held in memory of the late Paul Horn, a longtime avid fan of Raiders and Lady Raiders sports. In life, Horn enjoyed watching his children, Kristy and Jeremy, play for TCHS. Two of his grandchildren, Sara-Kate and Evan Long, are current members of the Lady Raiders and Raiders basketball teams. Members of the Horn family (below) were recognized prior to the start of the varsity contest. Team members (top right) wore pink tees as warmups prior to the game. Trimble's cheer team left blue and gold colors at home in favor of pink outfits and pom-poms (bottom right). Cheerleaders include (from left, front row): Alex Lawhorn, Danielle Morgan, Alex Cissell and Kelsey Mullikin. In back are: Dakota Brown, Brooklyn Duke, Emily Sands, Shelbi Milliner, Meagan Edwards and Olivia Rexroat.

2 arrested after Bedford meth lab discovery

Troopers from the Kentucky State Police Post 5 in Campbellsburg have arrested two Bedford residents after discovering a meth lab inside a Bedford residence. The lab was discovered in an apartment at approximately 11:50 p.m. on Thursday, Feb. 2. Troopers initially responded to the residence at 115 U.S. 42 East in Bedford after receiving a loud noise complaint. Once at the residence, Troopers discovered the

meth lab. Approximately one gram of methamphetamine and several ingredients used in manufacturing methamphetamine were found at the residence. Richard Wolfe, Jr., 29, was arrested and charged with the following: Manufacturing Metham-

phetamine 1st Offense, Wanton Endangerment 1st, Possession of Drug Paraphernalia, Trafficking Marijuana, and Possession of a Controlled Substance. Both men were lodged in the Carroll County Detention Center. Trooper Charles Loudermilk is leading the ongoing investigation. Trimble County Constable Craig Lacefield assisted KSP at the scene.

'Bob's Bunch' planning ALS fundraiser, March 3

By DAVE TAYLOR
The Trimble Banner

"Bob's Bunch Battling ALS" is planning a fish fry and auction fundraising event on March 3 to raise funds for ALS research and bring awareness to the local region about the disease. ALS—Amyotrophic Lateral Sclerosis is commonly called "Lou Gehrig's Disease," after the Hall of Fame New York Yankees first baseman who succumbed to the disease in 1941. ALS is an incurable fatal neuromuscular disease characterized by progressive muscle weakness, resulting in paralysis, according to the ALS Association. The disease attacks nerve cells in the brain and spinal cord. Motor neurons, which control the movement of voluntary muscles, deteriorate and eventually die. When the motor neurons die, the brain can no longer initiate and control muscle movement. Because muscles no longer receive the messages they need in order to function, they gradually weaken and deteriorate. Bob's Bunch was organized last spring by Bedford resident and Carroll County native Diane Vannarsdale McKinney, whose

husband, Bob, was diagnosed with the disease in 2009. More than 40 members of the group, mostly residents of Trimble and Carroll counties, sold cookbooks and participated in the annual Walk to Defeat ALS in Louisville. Bob's Bunch raised an astounding \$11,800 last year. After a year of planning and coordinating for this year's campaign Diane McKinney said the group has set a goal of \$16,000 for their fundraising effort in 2012. The March 3 event will be held at the Milton Fire and Rescue Station 2, located midway between Milton and Bedford on U.S. 421N, from 10 a.m. until 2 p.m. Milton Fire and Rescue will have a fish/chicken fry. There will be a yard sale, an auction of about 30 donated items and the second volume of the "Bob's Bunch Battling ALS" cookbooks will be on sale. The auction is set to begin at noon with items including fine art from local artists and craftsmen, UK basketball and UK football tickets, plus numerous other items. Bridge closing dates a worry for prom parents

By DAVE TAYLOR
The Trimble Banner

Last week's announcement by transportation officials from Kentucky and Indiana regarding the planned dates for the first of two five-day closures during the replacement of the Milton-Madison Bridge has caused no small amount of concern for parents of Trimble County High School juniors and seniors who will be attending the school's annual prom and post-event Project Prom activities. The bridge will be closed from Thursday, April 25 through Sunday, April 29, during which time crews with Walsh Construction will work around the clock to remove the existing approaches on both sides of the river and attach the temporary approaches to the 82-year-old Ohio River span. Trimble's prom is scheduled the same weekend and will again be held at the J. Graham Brown Campus Center at Hanover College. Project Prom is held at the TCHS gymnasium later in the evening to give students constructive activities and entertainment to keep them from abusing alcohol and other mis-

chief on prom night. During the closure, travelers will be routed 26 miles east to the Markland Dam bridge or 46 miles west to Louisville. Bedford resident Tracy Heveline, President of the parents' organizational committee for Project Prom, hopes the closing schedule can be changed. She has contacted State Rep. Rick Rand and plans to address the issue with State Sen. Ernie Harris. The prom is scheduled a year in advance, she said. "My biggest concern is that it's a junior/senior prom," Heveline said. "The seniors have been there and they kind of know their way around. The juniors haven't been there before so many of them have to go over ahead of time to see how to get in. Many of them are new drivers and now we're looking at having to go to Markland. Parents are panicking over that." "With Project Prom they have to be in at a certain time or they can't come in," parent Debby Perry said. "If they have to drive an hour out of their way Project Prom is going to be half over by the time they get there."

Strike days aboard a WWII aircraft carrier in the Pacific

By WILBUR GINN

Special to The Trimble Banner

Wilbur Ginn

A strike day starts early in the morning with the bombs being loaded in the planes. The planes had to be tied down at all times expect during takeoff. While these aircraft were being prepared and fueled, the pilots were in the ready room studying maps and targets to hit on Japan. These pilots were equipped with life jackets and parachutes and their gear was so heavy they had to have

help to get up in the planes.

One half-hour before takeoff the mechanic would start the engines. When it was time for takeoff, the pilots would be helped up into their planes. When the pilot got the signal from the signal man, he would roar from his spot on the flight deck to the forward end of the

deck and was on his way to Japan. When the first plane cleared the deck, the next plane would take off. This was repeated until every plane was off the ship.

The planes were equipped with metal propellers. One day a pilot walked into the propeller of his own plane and was killed. We were instructed to walk behind the propellers at all times and never touch the propeller. Another pilot was called to take off in this

Light snow predicted today

By David Greer

KPA News Content Service

Winter across Kentucky returned to reality last night. Gone are the spring-like conditions of recent days as light snow showers will fall across much of the state. No significant accumulations are expected, according to the National Weather Service office in Louisville.

According to the weather office in Paducah, rain was to arrive last night in Western Kentucky and probably change over to light snow after midnight. The snow showers will end Wednesday morning. And

the region could see some areas of light freezing drizzle, the NWS said.

Snowfall amounts will be minor and no major traffic impacts are expected, the NWS said.

The Louisville weather service office predicted light snow would spread over Central Kentucky after midnight. The dusting of snow is expected on

grassy and elevated surfaces by morning, NWS said.

In Eastern Kentucky, the Jackson office of the NWS said snow showers were possible last night but with little or no accumulation predicted. Snow showers could continue Wednesday morning in the region with up to 1 inch possible in areas above 2,500 feet.

Former Asbury women's coach awarded nearly \$400,000 in discrimination lawsuit

By Greg Kocher

Lexington Herald-Leader

NICHOLASVILLE — A Jessamine Circuit Court jury awarded a former women's basketball coach nearly \$400,000 last week in a civil trial against Asbury University in Wilmore.

Debi Powell won the case in a unanimous verdict at the end of the trial in Nicholasville, said her attorney, Debra Ann Doss.

The jury awarded Powell \$300,000 for humiliation, embarrassment and emotional distress, plus \$88,325 in back wages and benefits, her attorney said.

Debra Dawahare and Leila O'Carra, the attorneys representing the university, could not be immediately reached for comment.

At the time Powell filed the suit, the Christian liberal arts school in Wilmore was known as Asbury College. It

changed its name to Asbury University in 2010.

Powell was fired as the women's head basketball coach in 2008. She had been head coach for six years and an assistant coach for three.

Powell said she was retaliated against and terminated as a result of having made gender-discrimination complaints within the athletic department, Doss said. The jury found that "she was retaliated against for making good-faith complaints of gender discrimination," Doss said.

The college had alleged that Powell had engaged in inappropriate conduct with an assistant coach, "even though it amounted to holding hands in prayer and touching her on the shoulder in consolation while her (assistant) coach was crying about something," Doss said.

Powell is now employed at the Fayette County Detention Center, Doss said.

RESTLESSNESS

Why do we go through life with so much nervous energy, moving constantly, never satisfied, and endlessly restless? Some of this may just be the quiet desperation to keep moving towards our goals, in the misguided idea that if we stop moving we will fall backwards or even sink. And, it's not just our bodies that are restless; our minds can't seem to slow down either. If you doubt this try to sit still for an hour or two and do absolutely nothing, or

"Come to me, all you who are weary and burdened, and I will give you rest. Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls." Matthew 11:28-29

to clear your mind of all thought for even a few seconds. It's almost impossible for most of us. Maybe this is somehow built into our very nature, for this restlessness seems to surface early in our lives. Children are almost always restless, and when they reach the age where they are mobile, they are off and running from morning until nightfall. But, this restlessness has its costs. Besides the endless expenditure of energy, we miss out on the pleasures of quiet contemplation. We should take some time each day to slow down and enjoy the moment, communing with God in the solitude of our quieted mind.

Seeking God's face

Circle this date on your calendar: Feb. 15, "John Frum Day."

Celebrated on the remote South Pacific island of Tanna, on John Frum Day islanders dress up as American G.I.s, with "USA" painted in red on their bare chests and backs and march in perfect step with bamboo rifles on their shoulders.

According to a 2006 Smithsonian magazine account, on this "holiest of days," islanders honor their messiah, John Frum. As one village elder explained, "John promised he'll bring planeloads and shiploads of cargo to us from America if we pray to him." John Frum is said to dwell inside Yasur, Tanna's sacred volcano. "Yasur" means God in their language. No one knows why John Frum lives inside an active volcano, nor has any sober islander ever seen him.

Grace Notes

Nancy Kennedy

might mean "John, from America."

After the war ended and the Americans left, Tanna islanders built symbolic landing strips and danced and chanted, hoping to encourage John Frum to bring them goodies - TVs, medicine, Coca-Cola, radios, etc. Frum followers believe he will come back on a Feb. 15. Anthropologists call this a "cargo cult," which form in other places of the world when modern technology meets an indigenous ("unmodern") people, such as when an airplane brings food to them.

It's reasonable to think that people would want "John from America" to come back and bring them more stuff. And maybe by wishing really hard or doing some sort of dance or performing some sort of ritual they might make

it happen. I heard about cargo cults while listening to a radio program about superstitions. The show hosts were talking about their own superstitions, like a lucky shirt that one of them always wore to job interviews because every time she has worn it, she got the job.

She said she knows the shirt has no power, but just in case....

That got me thinking about how I sometimes approach God. Even though I know all God requires of any of his children is to come to him, believing that he welcomes his own with open arms, sometimes - oh, who am I kidding? Often - I attach all sorts of caveats: "It's been a long time since I've prayed or read the Bible, so first I better do something religious or God won't listen," I'll think.

Or I'll remember how once I prayed for something while kneeling with my head touching the floor and God answered so I'll try that posture again, thinking (hoping) that it's particularly "holy." It's easy to believe that what I do brings the face and favor of God, but he doesn't roll that way. It's never my fervor; it's never my faith. It's never my

Trimble County Middle School names 8th grade Students of the Month

Trimble County Middle School Principal Mike Genton has announced recognition of the eighth grade Students of the Month and Teacher and Staff Member Spotlights for December.

Danielle Hereford is the 8th Grade Female Student of the Month for December. Danielle's favorite class at TCMS is Ms. Gamble's Reading class. Danielle is a member of the Academic Team, Yearbook and Band at TCMS. Her favorite book is A Tale Dark and Grimm of Coffeehouse Angel, and her favorite TV shows are NY Ink and Friends. Outside of school Danielle enjoys listening to music, and her favorite memory at TCMS is of the In School Dance we had. After high school Danielle

plans to attend college and pursue a career in Design.

Josh Rexroat is our 8th Grade Male Student of the Month for December. Josh's favorite class at TCMS is history with Mr. Blair. Josh is a member of the Basketball and Track teams. His favorite book is First Descent, and his favorite TV show is Finding Bigfoot. Outside of school Josh enjoys playing sports and being outdoors. Josh's favorite memory at TCMS is just enjoying his 8th grade year. After high school Josh plans on attending college at UK or Morehead and pursuing a job as a Conservation or Wildlife Officer.

Jessica Farmer is the Teacher of the Month for 8th Grade for the month

of December. This is Ms. Farmer's first year at TCMS and her first year teaching. She is a graduate of Morehead State University. Outside of school Ms. Farmer enjoys running, reading, puzzles and spending time with friends and family. Ms. Farmer's favorite meal is a classic steak and load-

ed baked potato, and her favorite TV shows are: Psych, Seinfeld, Modern Family and The Big Bang Theory. Her favorite memory at TCMS is the excitement of her students when writing their scary stories. They were so passionate about writing that they wrote page upon page. Ms. Farmer loves to see young

people discover the joy of writing.

Renee Hughes is our Staff Spotlight of the Month for December. Ms. Renee has been working at TCSM for 14 years in the Kitchen. She is a graduate of Trimble County High School and still lives in the

county. Outside of school her favorite hobbies are Cornhole and Karaoke. Her favorite food is pizza and the TV show she loves best is American Idol. Her favorite memory at TCMS is entertaining the kids and having them laugh with her and at her.

Judge pledges quick decision on redistricting

By Jack Brammer

Lexington Herald-Leader

FRANKFORT — After a nearly four-hour court hearing Monday on a legal challenge of Kentucky's new legislative district boundaries, Franklin Circuit Judge Phillip Shepherd said he hoped to rule within a day or two so an appeal could occur quickly.

Shepherd said that if he did not rule by late Tuesday, he would extend a restraining order he issued last week that moved the election filing deadline for legislative can-

didates from Jan. 31 to 4:30 p.m. Tuesday. That would extend the filing deadline.

At issue is a request by House Republicans for a temporary injunction to extend the filing deadline for state legislative candidates so the GOP can try to overturn the legislative election districts.

House Republicans and Sen. Kathy Stein, D-Lexington, say the legislative districts approved by the General Assembly in House Bill 1 are unconstitutional. Gov. Steve Beshear already has signed the measure into

law.

Last week, the judge allowed Stein to intervene in the case as a plaintiff. Her district in Fayette County was moved to northeastern Kentucky.

Shepherd issued the restraining order last week instead of the temporary injunction that Republicans wanted.

Trimble upends District rival North Oldham, 67-51

By DAVE TAYLOR
The Trimble Banner

Trimble County's Lady Raiders, led by the triple threat of Jessie Dunlap, Paige Black and Katie Temple, took control of the game early Friday and dismantled the North Oldham Lady Mustangs by a 67-51 score on a night in which the school held a fundraiser for the American cancer Society. Dunlap led

the Lady Raiders' offensive effort with 17 points. Black chipped in 16 points and Temple added 15 as Trimble led at every quarter stop.

The Lady Raiders front 16-7 after the first eight minutes. Trimble built the lead to 16 at halftime, leading 32-16. The Lady raiders front by 21 after three quarters at 50-29. North Oldham eventually pulled to within 12

in the waning minutes of the game before succumbing by the final 16-point margin.

"It's a big relief," Trimble Coach Kerrie Stewart said. "There was a little bit of a sense of urgency tonight. We were very scrappy from the beginning. I'm very pleased with th effort and the way this team went out and took care of business when they had to."

Dave Taylor/The Trimble Banner

McKenzie Dunlap (32) fires for two points in Trimble's loss Tuesday against Gallatin County. Dunlap powered home four treys and was five for seven from the free throw line en route to a 19-point effort.

Dave Taylor/The Trimble Banner

Trimble senior Hannah Davis (34) fights her way through traffic for a reverse layup in Friday's contest against North Oldham. Davis scored six points in the contest. She missed double figures by a free throw in Monday's game, scoring nine points in Trimble's heartbreaking loss to Gallatin County.

Trimble falls in OT

By DAVE TAYLOR
The Trimble Banner

The Trimble County Lady Raiders, down by 16 points late in the third quarter, initiated a rally that brought them down to a chance to win on their last possession of regulation against Gallatin County Monday.

Trailing 47-35 at the quarter break Trimble continued to eat away at Gallatin's advantage in the final quarter stop and pulled even, at 56-56, on a three point basket by McKenzie Dunlap with 1:42 left to play.

After a Gallatin turnover Dunlap was fouled and calmly sank two free throws to give Trimble a 58-56 lead with 1:09 left to play. Gallatin tied the score on their next possession. The Lady raiders rebounded a missed free throw attempt and held the ball for a last shot.

"We had the ball with a tied score and I had already determined I was going to take a time out with 10 seconds to go," Trimble coach Kerrie Stewart said. "At the moment I yelled time out Paige started to drive and if I hadn't done that and left her alone it might have been a different outcome."

Trimble failed to convert a basket at the horn sending the game into overtime. In the extra period the Lady Wildcats outscored their

hosts 13-7 for the final, 71-65 score.

"It just stinks to let this one get away from us because the kids really worked hard there in the fourth quarter to win the ballgame," Stewart said. "I'm really proud of the effort there at the end to get ourselves back into it and give us an opportunity to win."

Trimble got off to a sluggish start in the game and didn't really get running on all cylinders until the late charge.

"Part of that may be because you get a big win over a district rival like North Oldham sometimes you will come in with a let-down," Stewart said.

Senior guards Paige Black and McKenzie Dunlap led the offensive scoring attack with 20 and 19 points respectively. Hannah Davis just missed double figures with nine points.

"I thought McKenzie Dunlap played a great ballgame. She shot the ball really well and hit some big threes for us," Stewart said. "Paige (Black) did real well for us down the stretch. She handled the ball real well all night long. We've had different people lead us in scoring on different nights. When it's not their night they're having a good attitude about being on the bench and encouraging the other girls."

Trimble travels to Owen County Friday.

Dave Taylor/The Trimble Banner

Trimble County Coach Kerrie Stewart gets after her team during a time out after a sluggish start against Gallatin County Monday. Trimble trailed by 16 but managed to battle back and take the lead before the end of regulation. Gallatin tied the score sending the game into overtime. In the end it was Gallatin 71, Trimble 65.

Fifth grade Raiders top Pope John in league tournament opener

The Raiders 5th grade boys beat Pope John Saturday in the first round of the league tournament 23-13. David Duncan led the team with 12 points, Dane Lacefield 4, Logan Clifford, Evan Stevens, Duncan Ralston had 2 points each and Shane Mills had 1. Clifford led the

team with 9 rebounds and Grant Weaver had 5.

With a blind draw for seeding, the Raiders second game featured the 2 best teams in the tournament. The lead was back and forth the entire game but going into the 4th quarter Trimble was down 22-19. St.

Marys had the lead almost the entire 4th quarter but with a minute to go Evan Stevens hit a 3 pointer that tied the game at 28. The Wildcats responded, scoring quickly and were up 30-28. The Raiders came down and were fouled but missed the front end of a 1 and 1 and

St. Marys got the rebound. Trimble had to foul on 3 consecutive plays to get St. Marys to the line for the tie bonus. With 15 seconds to go Logan Clifford took the rebound off the missed free throw and passed it to Dane Lacefield who drove down the court, pulled up

near the top of the key and drained a 3 pointer to put Trimble up 31-30, with 6 seconds to go and give them their first lead of the quarter. Trimble went to a full court press which caused a St. Marys turnover. With 4 seconds left Clifford end bounded the ball and with

St. Marys defenders chasing him, Lacefield dribbled out the clock to preserve the win and advance to the semifinal game. Stevens led the team in scoring with 11 points followed by Lacefield with 9, David Duncan 5, Ben Stevens 4 and Shane Mills with 2 points.

Carroll County spoils Coach Leep’s return home, 67-55

By KRISTIN SHERRARD
The Trimble Banner

Carroll’s Dallas Gibson was too hot to handle for the visiting Trimble County Raiders. He used his repertoire of inside post moves, grabbed offensive rebounds for put-backs and hit 10-12 free throws for a 30-point, 17-rebound-performance, en route to a 67-55 Panther victory Tuesday, Jan. 31.

“I was really proud of Dallas,” head coach Carroll Yager said. “... He just played really, really well, big difference for us for sure.”

Down 28-26 at halftime, the Panthers exploded in the third quarter, outscoring the Raiders 22-12. Gibson hit four baskets and a pair of free throws, while Brandon Stewart scored seven of his nine in the quarter to help bolster the lead. Stewart hit a short jump shot in the right corner to give the Panthers the lead for good, 36-35 with about 4:30 minutes to go in the third quarter.

On the first possession of the fourth quarter, Gibson got open underneath the basket for an old-fashioned three-point play to give Carroll their largest lead of the game, 51-40.

But the Raiders refused to quit. Craig Ward hit a 3-pointer on back-to-back possessions to cut the lead to five.

Following a 1-2 trip to the charity stripe by Gibson, Dylan Staples was fouled after grabbing an offensive rebound and hit both free throws, 52-48. Unfortunately for the Raiders, four points was as close as they would get, as they were forced to start fouling the Panthers late

in the game. From that point on, the home team was 13-16 from the line.

Yager said he was proud of his team’s composure and execution. The Panthers turned the ball over just 14 times. “I thought we played 32 minutes tonight. That’s what we’ve been working towards. I was just real pleased with the way we played.”

Trimble head coach Johnny Leep said his team’s strategy was to pressure the ball and push the ball up and down the floor. “First half, we played exactly how we wanted the game to go,” he said. “... We just missed too many shots. We missed five or six point-blank layups at the rim and then also probably six or seven free throws. Against a team when there’s not that great of a talent difference, you can’t afford to have those gaps. And then in the second half, they just outplayed us and made more plays than we did. The game was their tempo, their style in the second half, and we didn’t handle that very well.”

Ward led the Raiders with 15 points, four three-pointers and three-straight free throws after he was fouled on an attempt in the fourth quarter. “Craig Ward is one of the best shooters in the whole region,” Leep said. “Sometimes I have more faith in Craig’s shot than he has in it. Anytime he gets a crack, I want him to shoot it. He’s made big shots for us all night, and he continued to make big shots again tonight. I was really proud of him.”

Leep also praised Staples for the way he attacked the Carroll defense. “He missed 10 games with an

ankle injury, and he attacks the rim hard, and he’s a really good player. He’s working off some rust, but I was really proud of his effort. He guards the ball tremendously well, and I can’t say enough about the effort he gave tonight.”

Yager said he thought both teams played much better than in their first matchup the second game of the season on Dec. 1. “We were just fortunate to come away with a win because it was just a really hard-fought game, 32 minutes of everybody getting after each other. And that’s the fun part of high school basketball.”

For Leep, the game was bittersweet. The first-year head coach is a Carroll County alum and coached middle school and junior varsity basketball for the Panthers. This was his first game sitting on the opposing bench of a rival school on his former home court.

“I owe a lot to Carroll County,” he said. “They gave me my first teaching position, my first coaching position, and I only have good memories about it. Unfortunately it’s hard to go out and play against guys. This junior class is the first class I ever coached, and it’s just really (hard) to go out and coach against them because I always want them to do so well and I’ve got to try to beat them on nights like this, and it’s tough. But it was fun. It was a nice atmosphere, the band was here, kids were all excited about playing and that’s what high school basketball is all about. It’s a win-win for both counties at this point and I’m just proud of the effort everybody gave.”

Richard Petty makes local appearance

By JIMMY SUPPLEE
The News-Democrat

The man known to all NASCAR fans at the King of NASCAR, Richard Petty, came to Belterra Casino Tuesday, Jan. 31 for a Tireside Chat, a question and answer session hosted by the Kentucky Speedway.

Petty is a seven-time Sprint Cup Champion and won 200 races in his career. His father, Lee Petty, won the first Daytona 500 and his son Kyle also had a career in NASCAR. His grandson Adam also began a career in racing, but he died in a wreck in practice at New Hampshire Motor Speedway.

Kentucky Speedway drew the names of 250 season ticket holders to attend the Tireside Chat with Petty. It began with dinner in the ballroom with the fans and sponsors of the Kentucky Speedway.

Petty

After dinner, autographed items signed by Petty were raffled off, and Kentucky Speedway General Manager Mark Simendinger gave the fans and sponsors an update on all the improvements being made at the racetrack.

Then came the moment the fans were waiting for, the opportunity to meet the man himself, Petty, who was introduced by legendary voice of NASCAR Doug Rice, President of PRN radio.

Doug and Petty sat in big leather chairs on stage with a big screen behind them and talked about Petty’s career before Petty began taking questions from the fans.

The question Petty is most often asked is what

he remembers most. Petty’s answer to the fans was that he will always remember his first win, but the last race he won would be hard not to be the most memorable because everything fell into place. It was July the 4, 1984 at Daytona International Speedway, where NASCAR began. He said he had a fast car, good pit stops and the president of the United States was at the track.

Petty also said he remembers the races he almost won and had a flat tire on the last lap or crashed into someone.

Petty will be back at Kentucky Speedway in June with his two Sprint Cup teams and a Nationwide team this season. The 2012 NASCAR season starts in just 11 days with the Budweiser Shoot Out under the lights at Daytona International Speedway.

Milton wrestling group enjoys success at Louisville

Wrestlers from Punishment Wrestling Academy, Milton, competed in the Louisville Invitational Tournament at Fern Creek High School in Louisville on Sunday, Jan. 22, 2012.

Brody Cull, Bryce Turner and Camden Spears all placed first, taking home Gold Medals. Braedon Spears placed second receiving the Silver Medal. Also competing for PWA were Brendan Parkin and Ryan Hart.

The young grapplers competed again on Sunday, Jan. 29 in Columbus, Ind. at the Columbus East

Folkstyle Tournament. Bryce Turner and Camden Spears both placed first taking home Gold Medals. This is the third straight tournament championship for Bryce Turner. Brady Cull, Christian Cordell and Noah Foster all placed second receiving silver medals. Braedon Spears came in third taking the bronze and Ryan Hart took fourth place for the young wrestlers of PWA.

Cull and Spears were in a 16 wrestler bracket with Columbus East’s Brock, who is currently ranked first in the Nation

in the Bantam SS division. Brock gave Cull and Spears their only losses of the day, and both wrestlers wrestle him great. Turner and Hart wrestle in the Intermediate Division at their respective weights. Camden Spears is in the Novice Division. Cull, Braedon Spears, Cordell and Foster are all Bantams. Punishment Wrestling Academy is for kids ages 4-highschool who are interested in the sport of competitive wrestling. PWA is coached by John Turner, Chris Turner, Daniel Cull, Eric Cordell and Jeremy Gordon.

Trimble’s Craig Ward (24) gets set for a three point basket as Stuart Barnes (22) blocks out North Oldham’s big man Devon Bower in Thursday’s 65-51 loss to the Mustangs at home. Ward led Trimble’s scoring with 14 points.

Local legislators report on General Assembly session

Senate passes bills on education, calendar adjustments for schools with polling locations

The Senate passed several bills this week. Of these bills, three education bills are of particular importance.

Many students feel bored with the pace of high school during their senior year. Senate Bill 86, passed with bipartisan support, helps focus our students on the higher challenges required of them. It provides an early graduation option to high school students who meet course requirements, grade point average, and college readiness standards.

A student who completes an early graduation program will receive an "Early Graduation Scholarship Certificate" with the approximate value of 24 credit hours

at KCTCS, and may be utilized at any 2 year or 4 year SACS accredited postsecondary institution in Kentucky.

Conversely, our children who are intellectually and/or developmentally challenged also work hard in their way to reach certain academic standards. Senate Bill 43 recognizes the course work of these students by providing an alternative diploma. These special children who continue their studies at the high school level are dedicated young people who should take pride in their achievements.

As many of us with children have experienced, schools are closed during elections because some schools are also used as places where people can

vote.

But what happens if there is no polling place there? Senate Bill 21 permits school districts where no schools are used as a polling place to adjust their calendar to keep schools open during a regular, special, or primary election. It would also allow a district to schedule election days as instructional or make-up days. This is a more efficient use of space and allows for greater continuity in our children's education.

Finally, the Right to Life Rally was on Wednesday. As usual, the Capitol Rotunda was packed with families and single people; all of them concerned folk.

The pro-life platform is one I have championed since the beginning. This

year, as in years past, the Senate will vote through a bill to direct a doctor to have a face-to-face meeting with the woman who is considering an abortion. Right now, these "meetings" are sometimes done through a recorded phone message, which is disrespectful to the woman. As with any medical procedure, a patient deserves to have the opportunity to get information directly

from a medical professional and have the opportunity to ask questions. I will write more about this bill and other pro-life bills that will be introduced at a later date.
